

**HYDE COUNTY SUMMER ENRICHMENT YOUTH PROGRAM**

**Arts and Crafts and Cupcakes (age 5 and up)**

**\$** Four days of fun for all kids. We'll have nature inspired crafts with cool projects to carry home. Everyday has story time, and we'll decorate cupcakes with brightly colored icing. On the last day of class, we will make three kinds of ice cream, and waffles! Cool and delicious and fun. We are collaborating with Hyde County/BHM Library to produce this class.  
 9:00 am – 12:00 pm      Mon. – Thurs.      June 24 – June 27      \$100      12 hrs      48242      HDAV

**Great opportunities for Hyde County School students are on the way! Hyde County Schools, Inner Banks Stem Center, and BCCC are teaming up to give local kids a busy and fun summer. There are opportunities on the mainland and on Ocracoke Island. We have built a schedule of activities that will engage middle school and high school students to learn, to build, to achieve, and to enjoy. All of the listed classes are FREE to participants thanks to grants and scholarships from our partnership. Classes include transportation and lunch, where necessary. See your Guidance Counselor to get involved.**

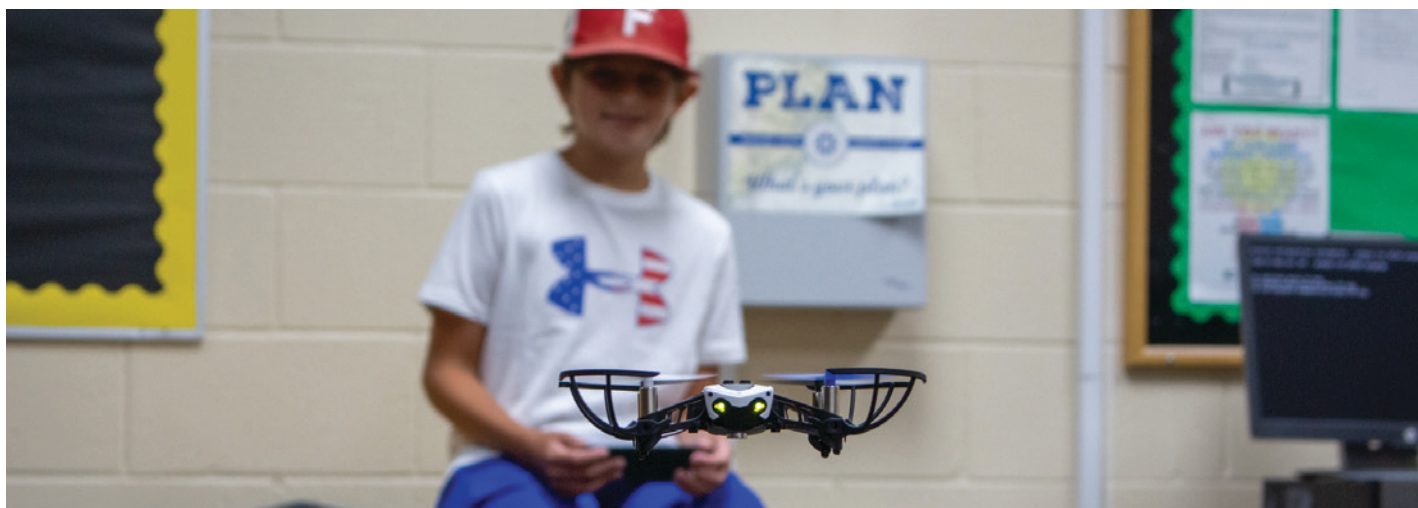

**Drone Camp Mattamuskeet**

**\$** Drones are becoming a necessary tool for industry, agriculture, forestry, public safety, law enforcement, and many other applications. This is a special camp we designed just for Mattamuskeet students to understand drone use, learn to fly drones, and participate in a special drone challenge course. We appreciate the team from Inner Banks Stem Center for leading this class. A field trip to the Inner Banks Stem Center to use flight simulators is part of the class. This could be a career!  
 10:00 am - 3:00 pm      Mon. – Thurs.      June 3 - 20      \$0      54 hrs.      48243      Mattamuskeet School

**Drone Camp Ocracoke**

**\$** Drones are becoming a necessary tool for industry, agriculture, forestry, public safety, law enforcement, and many other applications. This is a special camp we designed just for Ocracoke students to understand drone use, learn to fly drones, and participate in a special drone challenge course. We appreciate the team from Inner Banks Stem Center for leading this class. This could be a career!   
 8:00 am - 12:00 pm      Mon. – Wed.      June 24 - 26      \$0      12 hrs.      48253      Ocracoke School

**Aviation Camp**

**\$** Learn about flight aerodynamics as you operate a flight simulator. We will build and fly a hot air balloon, and we will visit Langley NASA Museum and airbase. Take swimming lessons in the afternoon. But best of all, the final activity of class is to fly a real airplane at Washington's Warren Airfield. Top that!  
 9:30 am - 4:00 pm      Mon. – Thurs.      June 17 - 28      \$0      55 hrs.      48244      Inner Banks Stem Center  
 9:30 am to 4:00 pm      Fri.      June 28      Inner Banks Stem Center & the sky

**Boating Camp**

**\$** Travel to Washington's Inner Banks STEM Center to learn about boats and how they are able to float. Using computers, develop an understanding of marine engineering. Build model boats and test them in the water. Visit a US Coast Guard Base, the NC Estuarium, and the Mariner's Museum. Take swimming lessons in the afternoons. This is fun learning at its best!  
 9:30 am - 4:00 pm      Mon. – Thurs.      July 8 - 18      \$0      48 hrs.      48245      Inner Banks Stem Center

**Renewable Energy Camp**

**\$** We are learning for the future in this camp. The world needs renewable energy sources, and eastern Carolina is uniquely situated to provide good clean electricity. Teams will form and address different approaches to producing renewable energy. Learn about wind, solar, and hydroelectric energy production, and then design and build a model facility. We will travel to the wind turbine farm in Elizabeth City, have guest speakers from ECU, NC A&T, and NASA. After lunch we will take swimming lessons at the Moore Aquatic Center.  
 9:30 am - 4:00 pm      Mon. – Thurs.      July 22 – Aug. 1      \$0      48 hrs.      48246      Inner Banks Stem Center

**\$** Look for this logo for scholarship-eligible classes. Qualifying families can have these fees covered by scholarships.

**SCHOLARSHIPS ARE AVAILABLE FOR SUMMER ENRICHMENT YOUTH PROGRAM**
